

BODY DONATION

Donating your body to benefit someone is the greatest gift one can give to make a lasting contribution to the purpose of education, training and research conducted by medical students. This is a magnanimous act of donating the body after death. Therefore we should assure them that we will respect their wishes and will do full justice to them. The opportunity to dissect the human body is a privilege not available in many parts of our country. This is reflected through the quality of our graduates. Regarding the donation of body by himself or herself few points should be noted. In absence of donor his/her family member can donate the body on their behalf.

During alive the donor must submit following documents /papers to concerned authority for necessary arrangement /conveyance immediately after death.

1. An affidavit must be submitted to the concerned authority clearly mentioning his/her willingness to donate body after death. The affidavit must be signed in front of District Magistrate in the court affixing court stamp along with witness signed by relatives or next to kin.

2. Two copies of identity card size photos must be submitted for record only

3. Filled up Donors form must be submitted to the authority.

4. Letter from next of kin/relatives addressed to H.O.D, Anatomy stating his/her willingness to donate the body. The letter should contain complete postal address, contact numbers of relatives /next to kin of deceased.

5. For their convenience and information following point should be noted by the relatives and next to kin:

a) Donated bodies will be received or accepted by the Department of Anatomy, Silchar Medical College Silchar-14. on all working days between 9.00 A.M. to 5.00 P.M.

On holidays and after 5.00 P.M. on all working days the body will be kept in cold storage of mortuary. Doctors/Officers on duty will receive the bodies. On next day Department of Anatomy should be informed so that body can be shifted to the Department of Anatomy.

b) While donating the dead body following documents must be submitted by the relatives of the deceased-

i) Copy of death certificate.

ii) Letter from next of kin/relatives address to H.O.D Anatomy stating his/her willingness to donate the body. The letter should contain complete postal address of relatives /next to kin of deceased.

iii) Note the mobile/telephone no. with address for further correspondence or emergency.

***** No dead body will be accepted if the cause of death is Suicidal / Murder and infected by H.I.V(AIDS) / Tetanus / Rabies/Hepatitis B and Tuberculosis .**
